## PLEDGES COMING IN TO TOBACCO MARKETING CONTRACTS

Despite a heavy downpour of rain Saturday afternoon, amounting almost to a cloudburst, a large crowd of farmers and tobacco growers gathered in the Circuit Court room in the court house, for the purpose of discussing the proposed co-operative Burley tobacco marketing plan, and to hear reports from the various workers who have been canvassing the county in the interest of the plan.

The meeting was called to order by John W. Jones, of the North Mid-town vicinity, who addressed the assembly in a short talk, during which he outlined the terms of the contract and the means adopted for financing the project. Mr. Jones explained the change from the present plan of handling the tobacco, which seems to be the hardest part of the proposed plan for the farmers and growers to understand fully and clearly. He was followed by Elgin Poole, formerly of South Carolina, who owns a large farm near Millersburg, and who gave some very interesting information regarding the success of the co-operative plan in California, which information he had gained from a visit to that State. He also emphasized the benefits of the Sapiro plan of marketing in other lines of produce than tobacco, and told the growers that there had never been presented to them a plan so absolutely safe and sure as that proposed by the Co-operative Burley Tobacco Marketing Association, whose officials were all of the highest type of business men, and who were striving to do all in their power to see the tobacco men get just profits for their products.

Following these addresses, which were received with hearty applause, and every evidence of appreciation, it was stated that Bourbon county had up to the date of the meeting, signed up more than 4,500,000 pounds of tobacco, of which 1,000,000 had been signed up during the week. This represented about fifty-five per cent of the crop, and includes about seventy-five per cent of the acreage. A number of precinct committeemen and solicitors reported substantial progress made in the can-

## NOTED CLUB WOMAN KILLED IN ACCIDENT

Friends and acquaintances in this city of Mrs. Chas. P. Weaver, of Louisville, noted club woman and social worker, were inexpressibly shocked to hear of her death, which occurred Sunday night on a train coming to Somerset. Mrs. Weaver was one of the best-known and most universally loved woman in the State, and had been a frequent visitor in Paris. During the Knights Templar Conclave here several years ago, and subsequently at the State meeting of the Federated Clubs she was among the most active workers and socially was in great demand. Her death caused universal sorrow among those who knew her, and especially among the club women of Paris, who had been associated with her at different times in their work.

Mrs. Weaver was making a business trip for the State Board of Charities and Corrections, for which she was parole agent. She was at the railroad station in Silversville, on the Cincinnati Southern railroad in a taxicab. The chauffeur lost control of his machine just as an incoming train plunged along, striking the auto, smashing it into splinters. Mrs. Weaver's right leg and left arm were broken, and she sustained internal injuries. The injured woman and the chauffeur were placed on the train to be given medical attention at Somerset. A physician who boarded the train found Mrs. Weaver sinking rapidly. She died in a few minutes after the train left the station.

Few, if any, women of Louisville and the State of Kentucky are better known than Mrs. Weaver, who for many years had been a leader in various activities, women's clubs, social work and civic and charitable enterprises. She served on many committees having for their object civic betterment, and also was active in church work. During the late war, in which a brother and a son were fighting in the American expeditionary forces in France, Mrs. Weaver did much to "keep the house fires burning."

Mrs. Weaver, who was 58 years old, was the daughter of the Rev. C. W. Sewell, former pastor of the Christian church, and Mrs. Sallie Miller Weaver. Besides her husband she is survived by three children, Maj. William Gault Weaver, who was wounded at Chateau Thierry and now is stationed at Camp Pike, Ark.; Mrs. Jesse Weaver Brown, wife of Maj. A. E. Brown, U. S. A., stationed at Grand Forks, N. D., and Mrs. L. D. Kuhn, of Louisville; a brother, Col. John S. Sewell, of Muncie, Ind., who also fought in the World War, and two grandchildren, Jean Brown and Albert E. Brown, Jr. Arrangements for the funeral will not be completed until the arrival of the children.

## BASE BALL NOTES

The game scheduled for Saturday afternoon between the S. S. Price team and the Paris Ruggles team was called off on account of wet grounds. A hard rain which fell during the morning and afternoon prevented play. Shortly after the beginning of the first inning a heavy rain began, which continued for an hour rendering the diamond useless for play. A crowd estimated at 800 gathered in anticipation of the game. The game will be played some time during this week.

Ideal weather prevailed Sunday afternoon, when the Second street park was filled with an enthusiastic crowd of "fans" and rooters to witness the opening game in the newly-formed Kentucky State League. The contenders were the Covington Athletics, heralded as a strong semi-pro team, and the Paris Ruggles braves. The game was called promptly at 2:30 o'clock by Umpire McDermott. In the two hours of play the game resolved itself into a slugfest, with Paris hitting the ball like veterans. The final score stood 16 to 2 in favor of the Ruggles team. Camparioni's pitching was the outstanding feature of the game, he allowing only two hits and striking out twelve opposing batters. The support given him by the outfield and infield was excellent, many thrilling plays being pulled off. Attendance, 1,000; time of game, two hours; umpire, McDermott; batteries: For Paris, Camparioni and Carter; for Covington, Piner, Slicer and Baker. The score by innings:

	R	H	E
Covington	2	2	11
Paris	16	12	2

Other games Sunday resulted as follows: Cynthia lost to the Lexington Reos, on the Lexington grounds, by a score of 5 to 1; on the Irvine grounds, the Irvine team shut out the Wiedemanns, the score being 3 to 0, with Ratsy Wright doing the twirling for Irvine, allowing but two hits; the Winchester Hustlers defeated the Mt. Sterling team on the Winchester grounds by a score of 3 to 2.

The first game between teams of the recently-organized Paris Church League will be played at the Second Street Park this (Tuesday) afternoon between the Presbyterian and Methodist teams. An admission of twenty-five cents will be charged, women and children under fifteen, free. The following is the League schedule for the remainder of the season:

Aug. 25—Presbyterian vs. Baptist.  
Aug. 30—Methodist vs. Presbyterian.  
Sept. 1—Christian vs. Baptist.  
Sept. 8—Christian vs. Presbyterian.  
Sept. 13—Methodist vs. Christian.  
Sept. 15—Presbyterian vs. Baptist.  
Sept. 20—Methodist vs. Presbyterian.  
Sept. 22—Christian vs. Baptist.  
Sept. 27—Methodist vs. Presbyterian.  
Sept. 29—Christian vs. Presbyterian.

At the close of the present series, a series of three games will be played between the two highest teams, and a cup of pennant awarded the winner. Each player on each team must be a member of the church which his team represents, and professional ballplayers are not eligible.

## SPEEDERS ARRESTED

The special traffic policemen appointed by the City Council are making good in their positions, and giving speeders a taste of justice. Friday night Special Patrolman Ora Feedback arrested Herman Levy, John Brophy and D. G. Taylor for violations of the speed laws.

In court Saturday morning Levy and Brophy were assessed \$7.50 each, while the case against Taylor was continued until next week, owing to the absence of important witnesses.

It is to the credit of Acting Chief of Police George M. Hill that during the brief tenure of his office the speeders learned that an effort would be made to curb their activities, and it was through his activity that the appointment of two special traffic cops was made possible. Knowing it was impossible for the limited police force to properly patrol all parts of the city, it was determined to have the two extra men appointed, and the wisdom of the move has been very apparent.

THE NEWS was told the other day by an attorney that the city had the power of imposing a special tax on automobile owners for the purpose of employing and paying special officers for the purpose of compelling an observance of the automobile traffic ordinances, and that it would be a good thing to have two more such appointed, to back up and supplement the work of the men who have just taken office. This matter will probably be brought to the attention of the City Council at its next regular meeting. The people of Paris would like to see the gilt-edged speeders, as well as those of "the lower classes" brought to a summary punishment for their willful violation of the automobile traffic laws. The officials should play no favorites in this matter, and should work together for the suppression of speeding and law violations, no matter who it hurts, male or female, of high or low degree. Let the good work go on.

## BOLD BURGLARS BUSY

Burglars entered the home of Mr. and Mrs. George K. Jones, on the Clintonville pike, near Paris, Sunday night, during the absence of the family, and ransacked the place from end to end. A small amount of money was taken, together with a gun, watch, razor and other small articles, and a purse belonging to Harry Jones. The burglars overlooked a large roll of bills secreted in another part of the house. It is thought the burglary was committed by a band of juvenile thieves who have been working in Paris lately, several stores having been entered here and robbed. The authorities were notified.

## FULL TIME HEALTH OFFICER FOR BOURBON

At a special meeting of the Bourbon Fiscal Court, the physicians of the city, members of the present and the new City Council and City Attorney Denis Dundon, held last week at the court house, Dr. A. T. McCormick, secretary of the State Board of Health, Dr. W. N. Lipscomb, Health Officer of Scott County, and Dr. Chas. G. Daugherty, of Paris, were the principal speakers on topics of interest to the general health of the city and county.

The meeting was called for the express purpose of discussing the advisability of appointing a full-time Health Officer for Paris and Bourbon county. Dr. Lipscomb dwelt at length on the excellent results attained in Scott county by having one physician devote his entire time and energies to matters concerning the public health and sanitation. It was decided at the meeting to bring the matter before the next regular meeting of the Fiscal Court, in September.

## ALEXANDER FOR MARKET PLAN

Dr. A. J. A. Alexander, one of the largest landowners and tobacco growers in Woodford county, has declared for the contract of the Burley Tobacco Marketing Association. In a letter to a friend Dr. Alexander declares the reason he has not signed his tobacco is that he has been out of the State. Dr. Alexander says in his letter:

"I learn that there has been some comment on the fact that my tobacco has not been contracted. This is due to my absence from the State. It is my purpose to sign up as soon as I return next month, as I believe the co-operative plan of marketing gives the growers the best chance to get a fair return for their crop."

More than four million pounds of tobacco have been pledged in this county up to to-day, it was announced at county headquarters of the Marketing Association.

Quite a stir was made recently in English society when Princess Mary was shown in public with a person of "low degree."
